**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Competition for broadband is vital for all neighborhoods and communities. A couple of major providers, namely Comcast and ATT, want a monopoly, which results in higher costs and less options for the consumer. Please dont let this happen. Competition also results in new innovative technology, which benefits everyone. Thank you for keeping the consumers interests in mind instead of corporate greed.
